working of the shop, the Govt. be requested to reconsider the matter for the reasons explained in the accompanying letter.

2 The letter referred to is a D.O dated 5.3.15 from Mr. V. Rangaswamiengar to the I. G. of Sch in which he refers to a personal discussion which he had in the matter with the Dewan. Mr. Rangaswamiengar is of opinion that when once the sanction of Govt: is obtained for a certain money limit upto which materials may be purchased and kept in stock the expenditure must be allowed to be incurred auto-matically as stock gets depleted by issue to works subject to the fixed limits for stock and total working charges not being exceeded at any time. He says that the restriction that the sanction of Govt: should be obtained each year for the purchase of stock is unnecessary and should be removed.

	it will be observed that no such restrictions are laid down therein In order that Govt might be able to sanction once for all the maximum amount to be spent on stock materials, that order requires the D. G. to specify the quantities required and the rates at which they can be purchased. This is simply a reiteration of what Mr Ramaswamier himself said in his D/O. letter of 27th July 14 to the D. G. E.
	What is objected to is the separation of the allotment of Rs 13,000 into (1) Rs 7,000 for workshop materials and (2) Rs 6,000 for contg labour, tools &c.
	4 As regards wages also, ~~Rs~~ the money limitations placed in the order are sought to be removed.
X. T.	Subd. for orders. ~~Rs 1/14. S~~ As regards ~~stock~~ wages & miscellaneous charges, the G. O. already passed appears to be quite liberal
	6 As regards purchase of stock, all that is req^d under G. O. is that the maximum of quantities & rates should be reported to Govt for sanction

No. 711

Bangalore, 20th March ~~191-5~~.

From

RAO BAHADUR M. SHAMA, RAO, ESQ., M. A.,
Inspector-General of Education in Mysore.

To

C.S. Balasundaram Iyer, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

With reference to Government Order No.1593-3/Edn.77-13-5 dated 27th November 1914 defining the powers of the Inspector General of Education in incurring certain charges in connection with the Workshop attached to the Chamarajendra Technical Institute, Mysore, I have the honour to state that the restrictions imposed are found as not leading to convenience and despatch of work. The matter was discussed at the last meeting of the Managing Committee of the Institute and a copy of their proceedings referring to the desirability of doing away with the restrictions referred to is submitted herewith for the orders of Government. In the same connection I beg to enclose copy of a D.O. letter addressed to me by Mr. V. Rangaswami Iyengar, Member of the Committee.

I have the honour to be,

Sir,

Your most obedient servant,

for Inspector General.

V. Rangaswamy Iyengar, Esq.,

R.V. Sundaram Iyer, Esq.,

M. Venkatakrishnaiya, Esq.,

M.C. Ramachandra Rao, Esq.,

S. Srinivasa Aiyar, Esq.

In the absence of the President, Mr. V. Rangaswamy Iyengar took the chair.

I. The audit report by Mr. Rangaswamy Iyengar on the accounts of the Workshop for the months of October and November was taken as read and the form of the accounts suggested therein were recommended to be adopted. Resolved that the Inspector General be requested to appoint an Assistant Store-keeper at an early date as recommended in the report and confirmed by the Committee at the Meeting.

Messrs. R.V. Sundaram Iyer and T.C. Lakshmana Rao were requested to conduct the next audit and get it ready for the next meeting to be held about the end of February.

II. Proposed by the Secretary that a full time sale room clerk and Time-keeper be entertained from the 1st February as the clerk who was lent by the Commercial Section till now for this work has to be reverted to his legitimate duty.

Resolved that the proposal be recommended for sanction.

III. Proposed by the Secretary that it is very desirable that a Drill Instructor be entertained for the Institute.

Resolved that the proposal be recommended for sanction as it is a good one.

IV. Proposed by the Superintendent, Industries Section that the present menial establishment is insufficient to keep the premises clean

clean and tidy, two sweepers on Rs.7 each are absolutely necessary.

Resolved that the proposal be recommended for sanction.

V. Resolved that the Inspector General be requested to take early steps for the appointments of the Foremen and Machine Instructor already recommended for sanction.

VI. The Government Order and the Memos of the Inspector General sanctioning and appointing a Head Master, Assistant Master, Guzerati and Vernacular Instructors for the Commercial Section.

Recorded.

VII. It was brought to the notice of the Committee that the present bond taken from the scholarship students is legally defective and that on account of this defect, the Superintendent was advised not to proceed against some defaulters.

Resolved that the Inspector General be requested to consult the Government Advocate and get the bond revised if necessary as it is desirable for the purpose of maintaining a proper hold on the students who are scholarship holders.

VIII. Read Government Order No.1592-3/Edn.77-13-5 defining the powers of the Committee regarding expenditure in the Workshop.

Resolved that as the limitations placed by the Government will seriously hamper the working of the Shop, the Government be requested to reconsider the matter for the reasons explained in the accompanying letter.

IX. Proposed by the Secretary that the present stock limit for timber viz., Rs.2,000 is quite insufficient and that it should be raised to Rs.5,000 for the reasons that a large stock should be purchased and seasoned and that the Industries and Crafts Section also has to get its supply from this stock.

Resolved that the limit be raised to Rs.5,000 for the reasons stated.

X. Proposed by Mr. Sundaram Iyer and approved by the Committee that the Inspector General be requested to take early action in the matter of getting the site to the north of the Institute for the purposes of a Wood-yard.

XI. Proposed by the Head Master, Engineering Section that the minimum attendance for term certificate for the students be altered from 160 days so as to bear a definite ratio to the total number of working days.

Resolved that the rule be allowed to remain as it is.

XII. Proposed by the Head Master, Engineering Section that Physical exercise and sports be made compulsory for the students of the Section.

Resolved that the proposal may be approved and marks also be assigned for attendance and proficiency in the exercises and sports.

XIII. Read and approved, the report drawn up by the Secretary on the working and progress of the Institute for the year ending 31st December 1914.

XIV. Estimate for Rs.5,000 got up by the Head Master for the models required for the Engineering Section as per Resolution No.4 of the meeting held on the 13th August 1914.

Resolved that for the present the Head Master be requested to restrict the expenditure to Rs.1,500 by selecting only a few from the list.

XV. Read Resolution No.IV of the meeting held on 2nd August 1913

Resolved that the list of books submitted by the Superintendent be approved but that the expenditure for the present be limited to Rs.1,000, the amount being met from the grant of Rs.5,000.

XVI. Read Resolution No.II of the meeting held on 8th October 1913 regarding model room.

Resolved that the design submitted be approved and that the expenditure under the head during the current year be limited to Rs.2,000.

XVII. Resolved that the Inspector General be reminded in the matter of placing orders for furniture required for the Education Department, vide Resolution No.V of 5th July 1914.

XVIII. Read list of resolutions on which action has not been taken as yet.

Resolved that the Inspector General be reminded regarding them.

D.C. No.58 dated 5th March 1915 from Mr. V swami Iyengar, to the Inspector Gen ral of Education in Mysore.

I happened to discuss personally with the Dewan about the impracticability of the restrictions imposed in Government Order No.1592-3/Edn.77-13 5 dated the 27th November 1914 on the power of the Inspector General of Education to incur charges on account of wages and miscellaneous items in connection with the Workshop attached to the Chamarajendra Technical Institute at Mysore and he was convinced that the rules are not workable. The sum of Rs.13,000 sanctioned by Government for the working charges of the shop must be regarded as the working capital and at no time the Committee will, without showing very satisfactory reasons, approach the Government to enhance this amount. To give an idea as to how this amount is to be utilised it was approximately assumed that Rs.7,000 would be utilised for purchase of materials and Rs.6,000 for paying wages and incurring other charges. These limits cannot be very rigidly enforced but the Committee in their sittings will scrutinise the accounts and see that the fixed limits are adhered to as far as possible. Certain amount of latitude may be necessary for the Committee to fluctuate the limits but they will take care to see that the total limit of working charges, viz., Rs.13,000 is never exceeded.

2. When once the sanction of Government is obtained for a certain money limit up to which materials may be purchased and kept in stock the expenditure must be allowed to be incurred automatically as stock gets depleted by issue to works subject to the fixed limits for stock and total working charges not being exceeded at any time. The restriction that the sanction of Government should be obtained each year for the purchase of stock is unnecessary and should be removed. As regards wages also the restriction must be removed as the quality of workmen to be employed must dep on the nature of the jobs to be undertaken. If a job is to be

undertaken

undertaken and a workman on a daily rate of Rs.2-8-0 is to be employed on it, the existence of the present restriction will necessitate sanction of Government being obtained for his employment before the work is undertaken and the same course will have to be undertaken if the workman leaves the job of his own free will and a substitute is to be found for him.

3. In fact the extent to which the labour has to be employed and the materials purchased must only depend upon the total limit of working charges for the shop and so long as the total balance on account of cost of unrecovered jobs - the value of materials at stock put together does not exceed this limit purchase of materials and employment of labour must be permitted subject of course in the former case to the usual rules of Government regarding invitations of tenders being followed.

4. As the Dewan has promised to reconsider the matter I shall be obliged if you will address the Government again.
